25X1	c. The USSR is ordering the Chinese to participate.						
5.	The question of Chinese Communist entry into the Korean war was a subject of heated discussion in Peiping at a September conference. I'AO Tsc-tung and LIU Shao-ch'i opposed active participation; CHOU En-lai, CHU Teh and LI Li-san insisted on it. A final decision was made to enter the war if the Parallel is crossed.***						
25X1	Comment. HUANG was erroneously identified in the preliminary dissemination as Deputy Minister of Political Affairs. According to information available to this office, he is Vice-Premier of the Government Administration Council, Minister of Light Industry and member of the Committee of Finance and Economics.    INVANG had recently returned from discussions in Moscow with Molotov.	25X1					
25X1 25X1	*** Comment.   NHEII was reported as a possible commander of a joint Chinese-Koroan force.						
25X1	Comment. If NITH came from Manchuria, this appears to be a roundamout way to go to Pyongyang.						
25X1	the Communists will take no action despite the above decisions because of negotiations for a sect in the UN.	25X1
